DO Catalunya

### THE HISTORY

Born on the Mediterranean coast in 1976 and inspired by the color of the sea, Viña Esmeralda is seduction and elegance with a feminine and contemporary soul, floral textures and extraordinary flavor.

The perfect companion for incomparable moments. Wherever you are, Viña Esmeralda takes you where you want to be with glamour, style and freshness.

### THE TERROIR

Catalunya is situated in the very northeast of Spain, right at the border with the south of France. Climate is fully Mediterranean and continental. Soils are calcareous sedimentary deposits that are poor in organic matter, with silt and clay in texture, bringing altitudes from sea level up to 800 meters (over 2,600ft). Some of the regions where grapes are harvested include Penedès, Terra Alta, Priorat, and Costers del Segre.

**SPARKLING BRUT:** 100% Moscatel harvested in early September. The grapes undergo primary fermentation in stainless steel under controlled temperature for 14 days. Secondary fermentation takes place for 10 days. Good intensity, with fresh fruit joined by white floral notes characteristic of the Muscat variety. The wine is fresh on the palate, with good acidity and fine bubbles, revealing floral and citrus notes.

**BLANCO:** A blend of Moscatel de Alejandría and Gewürztraminer Catalunya. The Moscatel de Alejandría grapes are harvested in early September and the Gewürztraminer grapes are harvested in mid-September. The grapes undergo fermentation in stainless steel under controlled temperature for 14 days. Brilliant straw yellow. Very fragrant, with delicate floral (rose) and fruit (lychee) notes. Soft and seductive on the palate with a luscious (acacia honey) finish.

**ROSADO:** 100% Garnacha harvested in late August. The grapes undergo fermentation in stainless steel under controlled temperature for 15-20 days. The wine ages on the lees. Soft, seductive, exquisitely pale pink color. Delicate fruit aroma (pomegranate) with a nuance reminiscent of tea roses. Light, silky, and subtle on the palate.
